Subject: Directions in respect of ICC-01/14-01/21-669-Conf

Dear Parties and participants,

The Chamber has taken note of the Registry's recent filing (ICC-01/14-01/21-669-Conf) containing, *inter alia*, recommendations from the Medical Officer regarding adjustments to the sitting schedule (the 'Registry's Submission').

Pursuant to regulation 35 of the Regulations of the Court, the Chamber hereby shortens the deadline for submissions (if any) that the parties and participants may have in respect of Registry's Submission to no later than 4pm on Monday 15 January 2024.

The Chamber will consider any submissions that the parties and participants may wish to make, but please note that the Chamber has fully reviewed and considered the Registry's Submission and the corresponding Medical Report which was sent by the Medical Officer to the Chamber earlier today. In this regard, the Chamber hereby informs the Parties and participants that, at this stage, it intends to adopt the Medical Officer's recommendations and adjust the sitting schedule accordingly.

Kind regards,
Trial Chamber VI
