Subject: RE: Request for Chamber authorization on Filing Confidential versions of Registry Reports on Email Decisions First

[ICC] RESTRICTED

Dear Carine,

The Chamber has considered your question. It agrees to authorise the separate filing of the confidential and public redacted versions if this can facilitate the Registry's task.

The Chamber takes this opportunity to remind the parties to keep litigation about redactions to public redacted versions of these reports to an absolute minimum.

Kind regards,
Trial Chamber VI

Subject: Request for Chamber authorization on Filing Confidential versions of Registry Reports on Email Decisions First

Dear Trial Chamber VI colleagues,

CMS is presently addressing the backlog of email decisions reports in accordance with the Directions on the Conduct of Proceedings, ICC-01/14-01/21-251 dated 09 March 2022.

Pursuant to paragraph 64 of the Directions, which instructs the Registry to "*simultaneously file public and confidential versions of these reports*" and mindful of the current delay, CMS seeks the Chamber's authorization to initially file the 2023 Reports (January-March, April-June, July-September and October-December 2023) in their confidential version first.

Considering the often lengthy *inter partes* redaction process required to prepare the public redacted versions, CMS requests permission to first formally file the confidential versions, therewith complying swiftly with the formal registration and notification of these email decisions on the case record.

Subsequently, the public redacted versions can be filed and registered on the case record at a later date, to be determined in consultation with the Chamber.

CMS is prepared to proceed promptly and remain at the Chamber's disposal should it needs further information,

Best regards,
[REDACTED]
