**Subject:** Request to Trial Chamber V

Dear Trial Chamber V,

Pursuant to regulation 35 of the Regulations of the Court, the Registry hereby respectfully requests the Trial Chamber's authorisation to extend the set deadline of 22 May 2020 regarding the implementation of ICC-01/14-01/18-492 *Order to Review Ex Parte Filings on the Case Record*.

The Registry submits that the request for extension of one week would be justified until 29 May (inclusive) for the following reasons:

- 1 - The remote working abilities entail slower alternative modes of reviewing and preparing the relevant submissions (including manual mode instead of automated process, no double screens to cross-check different versions of a same document);
- 2 - The resource intensive work required due to the numbers of submissions for which internal and external consultation is also required;
- 3 - The deadline of 22 May falls between two official ICC holidays (Thursday 21 and Monday 25 May). The extension of the deadline is thus requested for a limited number of working days.

The Registry therefore respectfully requests a short extension, by which time it anticipates to have completed the review and preparation of redacted versions of the applicable Registry ex parte filings.

Thank you for your kind attention and consideration of the Registry's present request.

Kind regards,  
On behalf of the Registry,
